Pacific Dental Services® Remains an Inc. 500 Company

~ Dental Practice Services Company, Pacific Dental Services, remains an Inc. 500 Company after originally Ranking 351 on the 2004 Inc. 500 List of America's Fastest Growing Private Companies ~

Irvine, CA (October 3, 2006) – Pacific Dental Services (PDS™) was offered renewal of the *Inc. 500* logo after originally being recognized as one of America's Fastest Growing Private Companies on the *Inc. 500* list in 2004. *Inc. Magazine*, the premier publication for small and medium-sized businesses, releases its *Inc. 500* list yearly. Pacific Dental Services, an Irvine, CA based Dental Practice Services Company, ranked #351 on the 2004 list, with a four year sales growth of 423%.

Pacific Dental Services specializes in every aspect of helping dental practices succeed, from site selection and managed healthcare contracts to human resources and information technology. The company's business model strives to enable dentists to focus 95% of their time on the treatment and care of patients, while PDS manages the multitude of administrative details that modern dentists must perform to be successful. Since 1994, PDS has helped develop over 120 dental offices throughout California, Nevada and Arizona. Today, PDS has more than 1,700 employees and affiliations with over 200 dentists. The outlook in 2007 is more of the same, as development will continue in all 3 states and more.

The *Inc. 500* ranks privately held companies according to averaged year-over-year sales growth over the past four years. With approximately 75% of all new job creation in the U.S. coming from small businesses, the *Inc. 500* is a prescient indicator of the companies and industries that are driving the economy forward. Eighty-five companies (17%) on the 2004 *Inc. 500* list say they plan to go public at some point. Over the years, the *Inc. 500* has identified the next generation of world-class companies, with Microsoft, Stonyfield Farms, Timberland, Oracle, The Princeton Review, Morningstar, E* Trade, Intuit, and Domino's Pizza all appearing on the list before they became industry powerhouses.
