Pacific Dental Services® Employees Build a House in Mexico

~ In One Day, twelve Employees Served in Mexico to Build a Home for a Needy Family ~

Baja, Mexico (July 17, 2006) – On Saturday July 15, 2006 twelve Pacific Dental Services (PDS™) employees spent the day helping a family in need. PDS teamed up with Baja Christian Ministries, a Christian organization serving the spiritual and physical needs of the poor through engaging short-term mission teams in Baja California, Mexico. In one day, the PDS team completed construction of an entire home for a family previously living in makeshift shelter.

Pacific Dental Services was excited to give back through serving across the border. PDS gathered man power, tools, and nourishment for the hard day's work in Baja. The team made the long drive through rough terrain and the beautiful country side to meet the family they would be serving. In just one day they assembled the frame, walls, and roof for a weather proof place to call home.

PDS is a company truly committed to “serving” and giving back to the communities in which they operate and beyond. This is apparent in the core values and belief statements. With the appreciation of Baja Christian Ministries and seeing the joy on the faces of the Family who had been blessed with a new home, Pacific Dental Services employees felt blessed for all they have and were glad to be able to give back. “I was happy how organized it was. It was nice to meet the family we were helping, a great experience, and inspiring time. We could use more hands in the future.” said Cullen Shirley, a Multi Office Manager in Southern California.

For additional information regarding PDS Outreach Missions and ways to give back please visit www.PacificDentalServices.com.
