It's Official! Pacific Dental Services® Raises \$25,000

*~ Pacific Dental Services and its 119 affiliated offices teamed up
with Marine Toys for Tots to collect donations and toys ~*

Irvine, CA (March 26, 2007) – Throughout the month of December to mid-February, Pacific Dental Services (PDS™) and its affiliated offices participated in the Marine Toys for Tots program. Each of the 119 offices collected monetary donations and over 30 offices became official toy drop locations. Cumulatively the offices collected over 300 toys and \$25,000 in total contributions. PDS was excited to be a part of the process to give children a brighter holiday season and a jump start on next year's holiday season.

Throughout the year the Marines Toys for Tots program collects new, unwrapped toys to distribute as Christmas gifts to children in the local communities in which they are collected. In providing these children with a new toy, the purpose is to also provide them with hope for the future to become successful individuals. Monetary donations are used to purchase toys to further this cause each year.

PDS is a company truly committed to “serving” and giving back to the communities in which they operate. The goal of all their affiliated offices and dentists is not only to serve their dental patients, but also to serve in all areas where they can make a difference. Pacific Dental Services considers participating in Marine Toys for Tots as just another way to give back.
